OFFICE POLICIES

<u>MAINTENANCE MEDICATIONS</u>: Any maintenance medications for Diabetes, Hypertension, Cholesterol, Thyroid, or Depression/Anxiety, once your dosage has been set, you will need to be seen every 6 months for a follow up and fasting blood work. Please schedule your appointment at least 1 week before you run out of your medication to allow time for lab-work to return. <u>Refills will not be given without a 6-month re-check</u>. If you were just started on a medication you will need to follow up every 3 months until dosage is established then every 6 months.

Please allow 24 to 48 hours for a call back on any messages.

<u>ANY WEIGHT MANAGEMENT MEDICATIONS</u>: To get a medication refill you must be seen every month. This is to verify that the medication is working and that you are losing weight. Refills <u>will not</u> be called in without a re-check visit. Please verify with your insurance if weight management is covered, some policies do NOT cover weight loss visits.

<u>ADD/ADHD MEDICATIONS</u>: Patients must be seen every 3 months after establishing medication and dosage. Refills <u>will not</u> be given without a follow-up visit. If you are on a schedule 2 medication and it was to get lost or stolen these are also not replaced without a follow-up visit and proper documentation. Drug screen monitoring is required for new patients and at provider discretion. Please verify coverage with your insurance, these visits are often denied to behavior health.

<u>PAIN MEDICATION</u>: Refills are <u>not</u> given on <u>any</u> pain medications. You must be seen each time a pain medication is needed. Our providers will not do long-term pain management.

<u>PRIOR AUTHORIZATIONS</u>: Contact your insurance and find out if there are alternative medications that are covered/preferred. After contacting your insurance and getting the alternative medications call the office and let them know if you have previously taken any of these medications and if there were any side effects. If the office has to do a PA for your medication there will be a \$25 charge.

<u>FORMS</u>: Any forms or paperwork completed by the office will be charged an administrative fee for completing. Turn around time for completion is 7-10 business days. FMLA \$35, Immunization forms \$10, Patient letters \$10

Insurance Waiver for Behavioral Health

In order to accommodate the needs and requests of our patients, we have enrolled in numerous insurance plans. While we are please to be able to provide this service, it is extremely difficult for us to keep track of the many individual requirements from each company, as each one has different stipulations regarding how, when, and where services may be performed.

It is the responsibility of the patient/policy holder to make sure your particular policy covers any services that you are being seen for.

In the event that your insurance company denies a service as Behavioral Health, since we are a Primary Care Office and are unable to file services under Behavioral Health, we will have no choice but to bill you directly and expect payment for all charges related to your visit.

I have read and understand the office policy stated above and agree to accept responsibility as described above.

Payment Policy on Delinquent Insurance Claims

Per our contract with insurance companies, all claims should be paid within 30 days. Due to delinquent claims processing by insurance companies, especially self-funded and third-party plans, we will no longer be able to hold these claims after the 30 day period.

These unprocessed and unpaid claims will be turned over to the *patient's responsibility*, which means the patient is responsible for any balances accrued with our office. The patient will have to follow-up with their insurance plan regarding reimbursement.
